

WSA Contest Database & National Contest Webpage manual

To apply for WSA 2023 in your country, you have to fill your application on the <u>WSA Contest Database and</u> <u>National Contest Webpage</u>. WSA is a nomination-based award, and the National Expert is responsible for the pre-selection process in your country. Only apply through the National Contest Webpage, if your WSA National <u>Expert has instructed you to do so!</u> The final decision about nomination will stay in the hands of the National Expert of your country: <u>WSA National Experts</u>.

This manual will provide you with a complete guide to submit your application.

To explain the application process, we have used the country "Samoa" as an example.

If you have further questions or you experience problems submitting your application, please get in touch with WSA office: <u>office@wsa-global.org</u>

Follow these steps to apply through the WSA National Contest Webpage

To apply for your country's national WSA pre-selection, please use this link to get to the <u>WSA National Call</u> <u>Webpage</u>: <u>https://db.icnm.net/Signup/WSA/2023/</u>

If you have been nominated by your WSA National Expert, you do not need to register separately. Please continue reading the manual from "Step 5"!

Jump to "Step 5"!

1. Select your country and register

Select your country from the upper right corner. After that you are redirected to your country's "National registration page". Click on the red button "Register!".

Fill out your information to complete the registration form. WSA Office will use this email address for all further communications, make sure to provide an active and a regularly checked one. Make sure to change it, if WSA should contact you using a different email addess. Once the data is correct click "Submit and continue".

Producers / Team

WSA is not only about content and innovation, but it is also about the innovators standing behind their unique solutions. Please add as many people as there are working and who have an important role in the project: Co-Producers, founders, CEO, designers, developers, marketing...

Solution Information

Please complete all the fields with all the relevant details of your solution as you can. Please be precise and on the point. Focus on how your solution is unique, which issue it is addressed at and how it makes its impact.

It is very useful for the WSA Jury to have this information from your side as accurate and precise as possible. Avoid just copy-pasting texts.

	0						
	What societal/local issue/problem does your solution address? Who benefits? *	B I U S # # # # # #	a a is solution of				
	0						

Fields to complete:

- Provide a link to a video with your solution.
- What societal/local issue/problem does your solution address?
 Who benefits?*
- Specify exactly how your solution hacks the societal or local problem.*
- Please highlight the local, regional, or national contexts of the target market for your solution, including their unique social, cultural, economic and/or political circumstances. How does your solution hack the problem in what unique market circumstances?*
- When was the most recent release / major revision of your solution?*
- In what stage of implementation is your solution?*
- Are you in the testing phase? If so, when do you expect to launch the solution targeting what user groups and market?
- Describe your market competition: who is offering or doing something similar, locally or globally? What is their level of product development/growth in the target market?*

You can find clarifications to each field clicking on

Please also find the WSA submission guide here: <u>https://wsa-global.org/contest/submission-guide/</u>

7. Upload files

You can complete the Solution Details uploading files (screenshots, pitch decks, presentations, etc.) to have a main overview about the unique value of your digital innovation.

0

WSA highly recommends producing/uploading/linking a short video to demonstrate the look & feel of your solution and the uniqueness of it. It can be simple and self-made.

The WSA Jury will evaluate your product online and needs to get an idea how your project works and looks. They won't download applications etc. in the first round to try them, so provide as much material as possible to demonstrate the uniqueness of your digital innovation!

- Impact measurement: how do you measure how much the solution improves the situation for your target group? Can you provide here the specific results of your impact measurement?*
- Who is the team behind your solution?*
- Please provide quantifiable success measurements and numbers of users/downloads for your solution here:*
- Which key technologies make your solution most innovative?*
- If none of the above applies, please specify the digital component of your solution?
- What UN Sustainable Development Goals are you addressing with your solution?*
- If applicable please provide a functional test user account for Jury members.*
- What are the biggest risks to sustaining or growing your solution?*

8. Submit your application

Double check your application and that you have completed all the fields with the correct data and the best information for the Jury. The database will tell you if something's missing from the application to make sure all important fields are filled in.

You can save and continue later, and then complete or edit your application as many times as you want. After submitting you cannot edit your application anymore.

As soon as you have inspected all data and information, you can submit your application. Before submitting you have to confirm that you understand and agree with the Terms and Conditions of WSA.

9. Confirmation

Once you submit your application, you will see the confirmation of participation in WSA 2023 and you have the option to return to the WSA Contest Database start page. You will receive an email, once WSA office has approved your application as complete.

As soon as you submit your solution, your part is done!

GOOD LUCK!
